

The budget proposal we are set to debate tomorrow (H. Con. Res 99) proposes the largest tax increase in American history and will raise taxes on the average Nebraska family by \$2,200.

Specifically Speaker Pelosi's Budget would:

- increase each tax bracket

- cut the child tax credit

- increase the marriage penalty

- increase Capital Gains taxes

- increase the death tax to 2003 levels

Americans have demanded fiscal discipline from this new Congress, yet they are receiving tax hikes. Therefore I will vote against H. Con. Res 99.
