

WASHINGTON- Congressman Lee Terry (R-NE) wants to remind constituents his office has a Congressional Outreach Services Site in South Omaha. The second Thursday of each month is an opportunity for the community to gain access and connection to helpful resources. A Congressional staff member will be on hand Thursday, June 12 from 3-6pm in the Connector Building on the south campus of Metro Community College at 27th & Q.

"Being accessible to the constituents of the 2nd Congressional District is my top priority. My staff and I are always here to help," said Congressman Terry.
