

WASHINGTON- Today Congressman Terry made the following comments regarding XIT Networks, LLC, based in Spring, Texas announcing that Omaha is the site for its Cyber Defense Security Center located at the Scott Technology Center:

**"I am pleased that the Scott Technology Center is becoming an attractive national center for technology firms, particularly as we work to increase the Cyber Command role of STRATCOM. This is one more example that shows Omaha continues to attract excellent firms to our community that create good, well-paying jobs. I am looking forward to the Cyber Defense Security Center coming to the 2<sup>nd</sup> District," said Congressman Terry.**
