

Kudos to U.S. Rep. Lee Terry for scheduling an informative discussion regarding health care and insurance reform. The large crowd was double the capacity of the Homeistyle Cafe in northwest Omaha.

Rep. Terry and his aides were kind to stay and deliver a second presentation to the numerous folks who braved the stormy weather Saturday morning.

Mr. Terry was well-spoken, knowledgeable, empathetic and patient. Those attending were respectful, and many were given ample time to air their questions and concerns.
